

FALL 2008 Seminar Series

- - - -

Center for Biological Chemistry and Redox Biology Center

Seminars will be held Tuesdays at 4:00 p.m. in Room N172 Beadle Center

DATE	SEMINAR TITLE and SPEAKER/AFFILIATION	HOST
Sept. 30	No Seminar – due to the RBC Mini-Symposium	
Oct. 3	RBC Mini-Symposium	George Rozanski
Oct. 7	“Imaging of NADH Fluorescence in Hair Cells – Probing and Preventing Deafness” Dr. Richard Hallworth, Department of Biomedical Sciences, Creighton University School of Medicine	Vadim Gladyshev
Oct. 14	OPEN	
Oct. 21	FALL BREAK - - No Seminar	
Oct. 28	“A Crystal Clear View of Oxygen Activation Chemistry” Dr. John Lipscomb, Department of Biochemistry, Molecular Biology, and Biophysics, University of Minnesota	Mark Wilson/ Donald Weeks
Wed. Oct. 29 Noon	“TBA” Dr. Takashi Tamura, School of Engineering Science in the Department of Systems Innovations, Okayama University	Vadim Gladyshev
Nov. 4	“Plakophilin-1: Desmosomal Adhesion and Control of Epidermal Differentiation” Dr. James Wall, Department of Oral Biology, University of Nebraska College of Dentistry	Joe Barycki
Nov. 11	“Delicate Controls of Heavy Metal Transport Across the Plasma Membrane” Dr. Jaekwon Lee, Department of Biochemistry, University of Nebraska-Lincoln	Paul Black
Nov. 18	“Structural and Mechanistic Studies on the Reduction of Cysteine-sulfinic Acid in Peroxiredoxin by Sulfiredoxin” Dr. Todd Lowther, Center for Structural Biology-BGTC, Wake Forest University School of Medicine	Vadim Gladyshev
Nov. 25	THANKSGIVING WEEK - - No Seminar	
Dec. 2	“Transforming Undergraduate Education: Moving from Instructor-centered to Student-centered Learning” Dr. Cheryl Bailey, Department of Biochemistry, University of Nebraska-Lincoln	Joe Barycki
Dec. 9	“Painting the Cysteine Chapel: New Tools to Probe Oxidation Biology” Dr. Kate Carroll, Life Sciences Institute and the Department of Chemistry, University of Michigan	Don Becker
